

TruLicence

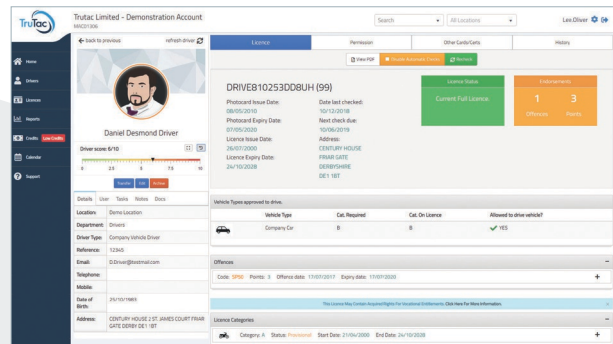

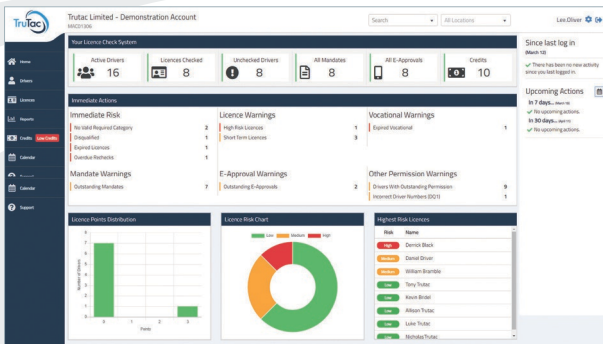

TruLicence provides online verification checks on UK driving licences and CPC information for compliance and insurance. The system removes manual administrative burdens of checking licences and includes alerts and dashboards to highlight key areas of concern.

TruLicence allows companies to demonstrate a duty of care to drivers and improves auditing procedures whilst seamlessly integrating with TruAnalysis. Combining driver licence validity and category checks with tachograph and general compliance data for complete control.

- ✓ Check licence validity
- ✓ Driver CPC and tacho
- ✓ Record, report and audit

Advanced management dashboards include KPI's and alerts on licence issues to manage risk and notify of any potential at-risk drivers.

Features

- Driver licence checking and validation
- Integrated alerts, dashboards and reports
- Auto system notification and critical events
- Auto system notification for all 'at risk drivers'
- Secure driver mandate completion and tracking

Benefits

- Secure online access
- Full management control
- Reduce manual administration
- Fully compliant with Data Protection Act and GDPR
- Full training, online help and helpdesk support
